CPOA Sticker Placement

Vehicle, Trailers and Watercraft

It's that time of the year again and not soon enough, no more snow please! We would like to clarify where the CPOA stickers should be placed for everyone in the community. All stickers must be for the current year; no past year stickers will be accepted for any reason. All stickers must be permanently affixed to all vehicles, trailer and watercraft by removing the paper on the back of each sticker and affixing it to the correct location. Tape or any other means is not acceptable.

Sticker locations are as follows:

- **Watercraft** – left side of hull or window area left side.
- **Trailers** – left side forward tong area or winch post, please do not put them behind anything that will obstruct the view of the sticker.
- **Vehicles** – left side windshield upper/lower area is acceptable. The reason for the left side is for the purpose that when entering the beach the guards and others can see this for fast identification. This also makes all vehicles and watercraft uniform in the community. The CPOA Board of Directors and all volunteers that help in making sure all stickers are current; we want to thank you for your cooperation. Have a safe and fun summer; see you at the beach and the pool.

***Helping to Reflect
The Goodness within
You to the World around You***

George Cody moved to the Eastern Shore in December of 2013 after living in Connecticut for most of his life. He had been a practicing dentist there since 1971, both in solo and group practice. During that career, he received many awards being honored with appointments to two international organizations for his international humanitarian efforts. As Dr. Cody approached retirement from the group practice, he desired to continue helping others. He returned to university studies and was accepted into a program devoted to co-occurring disorders of mental health and substance abuse. He received a Master of Social Work degree (MSW) with honors from Southern Connecticut State University. Dr. Cody then moved to the Eastern Shore and has worked part time for two different mental health agencies. Upon completion of the license exam for clinical practice (LCSW-C), Dr. Cody decided to open a private practice, Chesapeake Reflections, LLC. He chose this name because of his love for the Eastern Shore and the fact that he feels that by helping people balance their lives, they will reflect back to others the goodness that every individual has within.

Mission Statement

Our Declaration of Independence states that we are each entitled to "Life, Liberty and the Pursuit of Happiness." Chesapeake Reflections' goal is to help each individual attain those goals on a personal basis. As an individual proceeds through life, there are always challenges. When we learn that the challenges do not have to overwhelm us, we can begin to enjoy life. We become free from anxiety, worry, and despair regarding things that are present in our lives which we cannot change. As we do so, each individual can become empowered to live a life of happiness and contentment. Our goal is for each of our clients to be able to be able to reflect to others both the talents and inner beauty that each person possesses.

George M. Cody, LCSW-C uses multiple therapeutic techniques to help improve the life of each individual. Mr. Cody finds personal fulfillment as his clients begin to smile again, which is the result that he achieved with patients in his prior career as a dental practitioner. The treatment modality is individualized to help each client restructure their life to achieve their personal goals.
