## COVID-19 Didn't Stop the Easter Bunny!

COVID-19 didn't stop the Easter Bunny from coming to Cloverfields on Saturday April 11<sup>th</sup>.

The young and the old were happy to venture out of their homes to wave as he drove by.

Thanks to the CPOA Youth Committee for putting this together!

## Pool IDs, Vehicle & Boat Stickers

We are not scheduling any in person dues payment/pool pass picture dates until the COVID-19 restrictions are relaxed. As it becomes possible we will post dates on the community website. If you have not paid your dues yet or are requesting additional vehicle stickers, we are still accepting payments via mail or online on the community web site. With payment we will mail out pool passes and vehicle sticker. Our policy still remains that all new or updating of pool pass pictures must be done in person.

\*\*Go to page 3 to read more about proper placement of stickers on your car or boat.

## CPOA Sticker Placement

### **Vehicle, Trailers and Watercraft**

While COVID-19 has put a cloud of uncertainty over life in general, we are optimistic we will be able to gather at the pool and hit the Bay this summer. As such, we would like to clarify where the CPOA stickers should be placed for everyone in the community. All stickers must be for the current year; no past year stickers will be accepted for any reason. All stickers must be permanently affixed to all vehicles, trailer and watercraft by removing the paper on the back of each sticker and affixing it to the correct location. Tape or any other means is not acceptable. Sticker locations are as follows:

- **Watercraft** – left side of hull or window area left side.
- **Trailers** – left side forward tong area or winch post, please do not put them behind anything that will obstruct the view of the sticker.
- **Vehicles** – left side windshield upper/lower area is acceptable. The reason for the left side is for the purpose that when entering the beach the guards and others can see this for fast identification. This also makes all vehicles and watercraft uniform in the community.

## How has COVID-19 affected Swim Team Summer 2020?

Due to COVID-19 and the uncertainty of what the next days and months will bring, we are not doing registrations for the Summer 2020 swim season until we know more from state officials. Delmarva officials have not made a decision yet and we are optimistic we will have a swim season, but everything is very uncertain right now.

Please visit the Swim Team web page for regular updates: [www.cloverfields.org/swim-team-information](http://www.cloverfields.org/swim-team-information).

And email any questions to: [cloverfieldsstingrays@gmail.com](mailto:cloverfieldsstingrays@gmail.com)

## Pool Update

The CPOA Board of Directors hired Premier Pool Management Inc. to manage and maintain the pool for a second year in a row. Premier is working to prepare the pool for opening this summer as planned. There has not been any official guidance from government officials about pool openings yet. Taking COVID-19 into consideration, though, Cloverfields will follow any official guidance that comes out.

If you are interested in applying for a position as a lifeguard, contact Premier Pool Management Inc.: [www.premierswim.com](http://www.premierswim.com).

***Helping to Reflect  
The Goodness within  
You to the World around You***

George Cody moved to the Eastern Shore in December of 2013 after living in Connecticut for most of his life. He had been a practicing dentist there since 1971, both in solo and group practice. During that career, he received many awards being honored with appointments to two international organizations for his international humanitarian efforts. As Dr. Cody approached retirement from the group practice, he desired to continue helping others. He returned to university studies and was accepted into a program devoted to co-occurring disorders of mental health and substance abuse. He received a Master of Social Work degree (MSW) with honors from Southern Connecticut State University. Dr. Cody then moved to the Eastern Shore and has worked part time for two different mental health agencies. Upon completion of the license exam for clinical practice (LCSW-C), Dr. Cody decided to open a private practice, Chesapeake Reflections, LLC. He chose this name because of his love for the Eastern Shore and the fact that he feels that by helping people balance their lives, they will reflect back to others the goodness that every individual has within.

### ***Mission Statement***

*Our Declaration of Independence states that we are each entitled to "Life, Liberty and the Pursuit of Happiness." Chesapeake Reflections' goal is to help each individual attain those goals on a personal basis. As an individual proceeds through life, there are always challenges. When we learn that the challenges do not have to overwhelm us, we can begin to enjoy life. We become free from anxiety, worry, and despair regarding things that are present in our lives which we cannot change. As we do so, each individual can become empowered to live a life of happiness and contentment. Our goal is for each of our clients to be able to be able to reflect to others both the talents and inner beauty that each person possesses.*

George M. Cody, LCSW-C uses multiple therapeutic techniques to help improve the life of each individual. Mr. Cody finds personal fulfillment as his clients begin to smile again, which is the result that he achieved with patients in his prior career as a dental practitioner. The treatment modality is individualized to help each client restructure their life to achieve their personal goals.
