

Dear Community Member/Business Owner:

The Cloverfields Stingrays Swim Team is a community organization focused on developing swimmers of all ages in our neighborhood. It takes a massive amount of support to ensure this team operates – from a volunteer perspective, as well as, from a financial perspective. If you are community member or business owner who likes to invest in the community and youth – this is a fantastic opportunity for you! Check out the options for ways you can support the youth in your community below.

This season, there are FIVE levels of sponsorship from which to choose to support our swim team. Each level of sponsorship provides exposure and opportunities for businesses and/or organizations to the members of the Cloverfields Stingrays. The monies generated from these contributions will help fund team equipment and ensure efficient and effective team operations.
